¹ Varies with user weight, terrain type, battery amp hour (AH), battery charge, battery condition and tyre condition ² Width of base (not including seat) ³ Does not account for anti-tip clearance ⁴ Includes standard seat weight ⁵ Deep cycle (AGM or gel cell type recommended) ⁶ All shroud panels included ⁷ Standard 16AH battery does not meet airline requirements To make this scooter airline compliant please remove one of the 8AH batteries before travelling on an aircraft ⁸ Not suitable for air travel ⁹ Transport of this item on commercial aircraft is subject to federal regulations and airline policy. Please consult your airline prior to your flight to ensure your Jazzy Carbon® Ultra-lite and its lithium-ion battery are permitted. **NOTE:** All specifications subject to change without notice. The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed and range vary with user weight, terrain type, battery charge, battery condition and tyre pressure. Due to manufacturing tolerances and continual product improvement, length, width, turning radius and ground clearance can be subject to variance of 3%
