

# PAWS weights

Assembly instruction

Article number:

EBF00E-A (2x5 kg)

# Assembly instructions

1. A 4mm Allen key is needed for assembly.

2. Insert one of the washers behind the fork and screw in one of the provided screws.

3. Do the same in one of the remaining holes that fit the fork. Tighten both screws.

4. Insert the weight into the bracket and lock with a 4 mm Allen key if necessary.

5. Assembled and ready.

6. Repeat the procedure on the other side.
