The Convertible Clip-On Sideseat

## COMPACT CLIP-ON SEAT FOR TODDLERS

Designed, engineered and tested in the UK, the Buggypod io is the award-winning convertible side seat which adapts to your family's needs. In just a few simple clicks you can convert your pushchair into a double. Stride freely while pushing. No knocking of shins, ankles and feet!

Simply clip the Buggypod io onto the side of your pushchair or wheelchair to add an extra toddler seat. The Buggypod io folds open when your toddler needs to sit down for a rest and folds up flush when not.

**In the box:** Buggypod seat, wheel, connector bar adaptor, mounting brackets standard & large, user guide.
