

WeGo FAQ's

1. Has the WeGo been crash tested?

No, the WeGo has not been crash tested so cannot be used for transporting a child in a vehicle.

2. What age is it suitable for?

The WeGo is suitable for children with a maximum user weight of 30kgs. We recommend that you base suitability on WeGo measurements rather than age.

3. Does the WeGo have to be used on smooth surfaces?

As the pushchair has two large wheels, the WeGo can be used on uneven terrain such as a forest park, sand etc.

4. Can the WeGo be used without the GoTo Seat?

Yes, the WeGo can be used without the GoTo Seat, however, without the GoTo it offers no postural support.

5. What accessories come with the WeGo?

The WeGo comes with a rain cover, footmuff, mosquito net and drinks holder.

6. What is the returns policy for the WeGo?

Please refer to the returns section of our website.

7. How many colours of WeGo is there?

There is only one colour.

8. Will it fit in my car boot?

The WeGo will fit in most car boots.
Refer to the sizing guide for measurements.
